***New offering again this year:***  
***Unfinished & Stained Hives!!!***

Did you know Turtlebee Farms  
offers a Layaway Program for your  
honey bee purchases???

People can **reserve/secure** their bees for the  
date & quantity they would like.

The **deposit required is \$10/item** and is non-refundable  
and non-transferable to any other product if they decide  
to cancel their bee order.

When making full payment on their order, it is \$10 already  
paid toward the final cost of the bees.

The big users of this program are not sure if their bees will  
make it or not, so this becomes an *inexpensive insurance*  
*policy*. They are reserving bees, since they are *almost sure*  
they will want them as **replacements or to expand to an**  
**additional hive** when their other bees do just fine.

However, it would not "break the bank" if they decided  
they did not want them after all, and canceled their order.

In this case, the \$10 would go to our administrative cost.

In all fairness to Turtlebee Farms, the balance needs to be  
**paid completely by April 1<sup>st</sup>**. This way if one does cancel,

Turtlebee Farms is still able to provide bees for someone  
else. **People will usually know by April 1<sup>st</sup> if their bees**  
**made it or not.**
