So WHY obtain PORK from TURTLEBEE FARMS?		
QUESTION: What is it we want most in our food?		
ANSWER: <u>Good Nutrition & Good Flavor</u>		
<p>Researchers have found that animals raised outdoors & in the sunshine hold higher amounts of nutrition (like vitamin D) than those raised conventionally. For the consumer, the <i>more nutritious</i> the food, the <i>more enjoyably satisfied</i> our appetites will be! At Turtlebee Farms we raise & retail the animals at our own farm. <i>They're happy in the open outdoor spaces, shade or sun.</i></p>
